Colossians 1:17

WE
SERVE,
EDUCATE AND
WALK ALONGSIDE
THOSE WHO
DESIRE TO
HEAL

PASTORAL SCIENCE & MEDICINE:

Pastoral Science and Medicine (PSM) is the term devised by the Pastoral Medical Association (PMA) to describe the system of natural approaches founded upon spiritual principles used by PSM practitioners for promoting and improving physical, mental and spiritual health. Health improvement results from making positive lifestyle changes and following other natural procedures that are biblically sound, science-based and professionally administered pursuant to acceptable standards of care.

NEUROSCIENCE INSTITUTE
of PASTORAL MEDICINE

Lakeville Business Center
20520 Keokuk Avenue, Suite 100
Lakeville, MN 55044

- Surrendering Trauma
- Prayer Support

OUR WHY

The Neuroscience Institute of Pastoral Medicine (NSIPM) is organized for charitable, religious, educational, research and scientific purposes. The NSIPM is dedicated to educating the public on pastoral medicine as it relates to neuroscience.

YOUR TAX DEDUCTIBLE CONTRIBUTION SUPPORTS THE NURTURING OF

Children (Foster, Orphans, Neurologically Challenged & Abused)

Autoimmune (Neurological Disorders, Cancer & Degenerative Conditions)

Athletes (Concussion, Optimal Performance, Endurance & Injury Prevention)

Veterans/Active Military (PTSD, Toxic Overload & Pastoral Support)

ROOT CAUSE

Recognizing the uniqueness of each individual's genetic, biochemical, structural and emotional make-up and seeking to establish the underlying cause of any health problem.

The goal is optimal health emotionally, mentally, physically and spiritually.
